

RESOLUTION 2024-15, MEETING #534, MAY 28, 2024
ACCEPTANCE OF LICENSED APPLICATOR

WHEREAS The Lake George Park Commission is the NYS agency charged with the protection of Lake George, the safety of its users, and the management of its aquatic invasive species; and

WHEREAS the Commission is responsible for the control of invasive Eurasian watermilfoil, and seeks to utilize all available best management strategies and approved tools to manage this invasive species; and

WHEREAS the Commission has advanced the regulatory permitting for two milfoil beds in Lake George using the aquatic herbicide ProcellaCOR EC over the past three years, and anticipates receipt of the requisite permits from the NYS Department of Environmental Conservation and the Adirondack Park Agency; and

WHEREAS the Commission has followed NYS procurement practices and secured two quotes from licensed NYS applicators to undertake this work; and

NOW THEREFORE BE IT RESOLVED

The Commission hereby accepts the low quote from SOLitude Lake Management at a cost of \$18,698.69 to undertake ProcellaCOR treatments as permitted in Blairs Bay and Sheep Meadow Bay (aka Jeliffe-Knight Bay) in June of 2024, and that the Executive Director is authorized to enter into agreement with SOLitude to undertake this work.
